

# **Breana**

Breana Robertson is a 15 year old girl who started at Kelvin High School in the fall of 2011. Shortly after she arrived she started to experience severe chronic pain, fatigue and joint seizures. She now has trouble walking, sitting up, and is also continuing to experience severe neurological difficulties. She is now in Grade 10, but a result of her required medical treatments, she has missed a lot of school. She has been in and out of the hospital in Winnipeg over the last year and was being referred to, and treated from, doctors in Toronto. Now, because they have been unable to diagnose the needed course of treatment at this time she will be going to the Mayo clinic in Rochester, Minnesota to address treatment for a severe immune disorder that is weakening her. The province will cover some of the medical costs. However, there are many outstanding costs to the family that will not be covered. As a result, we have set up a **bank account at the RBC, Corydon Village Mall branch (Corydon/Lanark) to raise money to help out the family who is facing, and has already undertaken, considerable expenses related to her required treatment. The account is entitled ...."Be There For Breana".....and anyone and everyone can go in make a donation.**

We are also having a "A Night for Breana" at the Pyramid Cabaret. We hope to raise money through a "silent auction" and would greatly appreciate any and all donations. This young lady is going through a very difficult time in her life and we just want to assist in any way that we can help her to get healthy so she can get her life back to normal. Thank you for taking the time to read this and please consider our appeal.
